## About the Double 100

A double-sided profile with a depth of 100 mm, which can be used free-standing or suspended. Create eye-catching displays in any store, showroom or office.

## The advantages

- ✓ A depth of 100 mm
- ✓ Closed finish
- ✓ Compatible with acoustic material
- ✓ Three standard colours

**Double 100** Double-sided textile frame

# Mounting

## Freestanding

Freestanding frame with a textile on both sides.

## Attached to the ceiling

Frames suspended from the ceiling. Both horizontal as well as vertical suspension is possible.

# Finish

## Closed

An even finish. If desired, holes can be drilled in the profile so that accessories can be attached.

# Stabilizers

## Stabilizers

In order to guarantee the stability of the frame, stabilizers must be placed in the frame. This way the construction is sturdy.
